Possible Solutions

Improve Efficiencies

- Look for opportunities to automate or minimize repetitive and labor-intensive processes

- Assign the right people to the task

- Upgrade software
  - Enhance customer experience and allow more to be done online (rather than people coming into City Hall)
  - Implement paperless environments where documentation is always at your fingertips
  - Avoid the temptation to prepare reports outside of your system… **let the software do the heavy lifting!**

Outsourcing

- Look for 3rd parties to do things that may not be labor intensive but are repetitive in nature

- Look for key repetitive functions that take a lot of time that you can outsource

- Hire consultants to do the complex functions that you don't have staff with expertise in… **let consultants do the heavy lifting!**
